Experience

Niles Bolton Associates; Atlanta GA

Intern Architect / Architect; July 2016 – present

- Responsible for developing schematic level site studies for over 2 dozen potential projects, including site layouts, schematic building plans, and mixes, so clients could understand the feasibility of a developed project and buy into the design concept
- Advanced the approved site studies to a design development level with concept elevations, renderings, and production plans and units for use in client reviews, approval processes, and pricing
- Coordinated with clients and consultants at multiple stages of the design process on projects totaling more than 7,000 beds, either currently built or in construction phases

Auburn College of Architecture, Design, and Construction; Auburn AL

Teaching Assistant and Digital Workshop Instructor; September 2015 - May 2016

- Taught in-class and voluntary digital workshops to multiple classes of fellow students, covering SketchUp, Adobe Creative Suite, and Wordpress Website Creation
- Mentored students in the classroom on project work-days by answering questions and providing tutorials, leading to higher quality finished projects

Fuqua and Partners Architects; Huntsville AL

Summer Architectural Intern; May 2013 – August 2013; May 2014 – August 2014

- Learned about the project development and delivery process while assisting with summer projects of multiple project types, schedules, and scales
- Developed 3D models of existing and under construction projects for architectural visualization and provided instruction to coworkers on a variety of 3D modeling techniques

National Council of Architectural Registration Boards

Student Licensing Advisor for Auburn AIAS Chapter; August 2015 – July 2016

- Attended NCARB training that covered registration and education techniques so that I could serve as an on campus resource for students and act as a liaison between the students, the school, and NCARB
